RESEARCH & PROJECTS

Equity Initiation Report on Pakistan Oilfields Limited (POL) | Security Analysis Course | Graded 19/20

- Conducted fundamental equity research and sector analysis on POL, covering industry structure, regulatory environment, and competitive positioning in the upstream oil & gas sector, producing a **30-page buy-side style initiation report** with an 8-year forward outlook (FY2020–FY2027E), graded 19/20 in the cohort.
- Built a fully integrated **3-statement financial model** with **50+ forecast line items**, applying **DCF, DDM, EV/EBITDA, and P/E** valuation methodologies in parallel with sensitivity analysis of oil prices and production volumes, arriving at a price target with **+1.5% upside** vs. prevailing market price.

M&A Valuation: FFBL / FFC Merger | M&A Course | Group Project, Led Valuation & Report Analysis Workstreams

- Built a **5-scenario merger model** for the proposed FFBL/FFC deal, computing a **20.4% WACC** via comparable company beta analysis across FFC, EFERT, and Fatima Fertilizer, and arriving at an implied **enterprise value of PKR 66.5Bn** with a target price of PKR 48 per share.
- Stress-tested deal economics across Base, Upside, Management, and 2 Downside cases, projecting revenue growth from **PKR 193Bn (FY2023A) to PKR 233Bn (FY2028E)** with EBITDA margins expanding from 11.3% to 12.7%, supported by NWC modelling (DSO, DIH, DPO) and a PKR 118Bn terminal value at 4x EV/EBITDA exit.

ESG Scoring and Regression Study: Tesla vs. Global Auto Peers | Independent Research

- Independently designed a **29-indicator ESG scoring framework** benchmarking Tesla, Toyota, VW, BMW, and Hyundai across Environmental, Social, and Governance pillars, sourcing 5 years of disclosure data via **Bloomberg Terminal** and standardizing scores using min-max normalization for fair cross-company comparison.
- Ran an **OLS regression** on **25 firm-year observations** to test the relationship between ESG scores and financial performance metrics, documenting full methodology, variable construction, and findings in a 15-page research report.
